

PEPSIN (FAIRCHILD)
IN SCALES AND POWDER.

ONE grain of Pepsin (Fairchild) will digest 1,000 grains of albumen. Pepsin Tabloids (Fairchild) contain one grain of Pepsin in each; this is the most agreeable form of administering Pepsin.

The Fairchild Pepsin is no more expensive than the common pepsins, though it possesses many times the strength and activity.

Pepsin (Fairchild) in scales and powder, also Pepsin Tabloids (Fairchild) are supplied by all chemists.
